

"Lord, Increase Our Faith" Part 7

Luke 17:18-19

Once the one thankful leper was healed, he returned to thank Christ for healing him and to give glory to God for what had happened. Only God could heal leprosy. There was no known cure or treatment for the disease. Those who had it received a slow painful death sentence; however, this man was spared solely because of his faith in God! (Verse 19)

Not only do we need to have a spirit of thankfulness, but also we need to remember to give God the credit when He does something in our lives. Often, we try to take the credit to make ourselves look good. We must remember that God will not share the glory that belongs to Him with any one or any thing! (Isaiah 42:8) God wants us to give him first place in all areas of our life! Are we willing to give God all the glory? When we do, we will see how great God truly is and our faith can not help but to increase in such a great God!

Lord, we are truly amazed at how great and loving you are. May we remember to always give you the rightful place in our life and give you all the glory! May you forgive us of times that we try to take from you and share with you the glory that rightful belongs solely to you. As we continue to get to know you and see you for the great God that you are, help our faith to continue to grow in you!
